

Our Promise to the Environment

Color Bags India Pvt. Ltd. Is one of the leading manufacturers & exporters of Paper Bag in India . We know that Paper offer sustainable and environmentally friendly packaging solutions. We also know about the advantages of paper when it comes to function, design and economy. Color Bags is a strong and resourceful partner that meets your demands and protects your natural interest.

We are manufacturing a wide variety of paper bags which is known for its colorfastness and affordable prices. These paper bags are also available in different shapes, sizes, colors and designs. Our range of paper bags is widely used by FMCG industry and Shopping bags industry. Kraft, art and duplex paper and eco-friendly materials are used for manufacturing these bags. Moreover, single, two and four color printing is also available.

Kraft Paper Bags are environmental and recycling use. If you buy the other Paper Bags, maybe you could use it only once and somehow wasteful. For that you could use the Kraft Paper Bags many times besides make no harm to the environment. As we all know, it is really important to protect the environment. So why not choose the Kraft Paper Bags?

Kraft Paper Bag is also quite tough. You could use it to carry much heavier goods than the other paper bag. You could put some Gifts, Wine Bottle, Heavy clothes, Grocery , Food etc in the Kraft Paper Bags.
