# INFORMATION SYSTEMS

*We use IBS in order to: provide dispatch advices, track, invoice, monitor and control our customers' consignments. The system has full traceability at customer and consignment level. In our invoicing procedures we aim at exact and simplified routines.*

Our invoices contain a shipping number that follows the consignment from booking to invoicing, number of packages, cubic weight, consignee and customer reference. Monthly collected transport statistics are easily obtained separately in Excel format.

# SERVICE

*Truck to and from Eastern Europe, mainly the Balkan Peninsula. For partial shipments several departures every week.*

**Complete truck loads by appointment.**  
Or for more info contact  
export@intereast.se or  
import@intereast.se

**Sea: 20 'and 40' containers and general cargo,  
Door to Door (LCL / FCL).**
