Shafique & Co.

OUR EXPERIENCE

With several hundred projects under our belt, we've developed various best practices that our clients get the benefit of. We learn from every project and every client, and we hope that the benefit is mutual. We respect confidentiality and proprietary information but we're not shy to apply our learnings from one project to another where appropriate.

Our team consists of people with considerable experience across strategy, marketing, branding, advertising, technology and content development. We capture our learnings and institutionalize them so every team member has the opportunity to share the benefits with his or her clients.
