

Bi-Trumed

BI-TRUMED BIOTECH CO., LTD

Company Structure

2011, Set up Reagent Production and RD facility
(All Reagent Co.,Ltd)

2013, Set up International Sales Office
(Bi-Trumed Co.,Ltd)

MISSION:

DEVOTED TO LIFE SCIENCE RESEARCH, PROMOTE THE DEVELOPMENT OF HUMAN HEALTH INDUSTRY

VISION:

BECOME AN INTERNATIONAL-LEADING BIOLOGICAL MATERIALS RESEARCH AND MANUFACTURING COMPANY

VALUE:

QUALITY, SERVICE, INTEGRITY, WIN-WIN

Personnel: *20 people in total*

RD professionals: *10 with more than 10 years experience*

2 persons with postdoctoral research experiences

2 with doctor degree

6 with master degree

Sales and Marketing: *2* QA/QC: *3* Production: *5*

Patents

10 Chinese Patents

Quality Systems

ISO quality management system

RD Design Control system

Facility:

Mouse monoclonal antibody
development and production farm
600m²

Polyclone antibody (Rabbit and Goat)
development and production farm
1000m²

Conjugate Antigen Production and RD Lab

Facility:

Recombinant Antigen RD Lab

Analysis Lab

Purification Lab

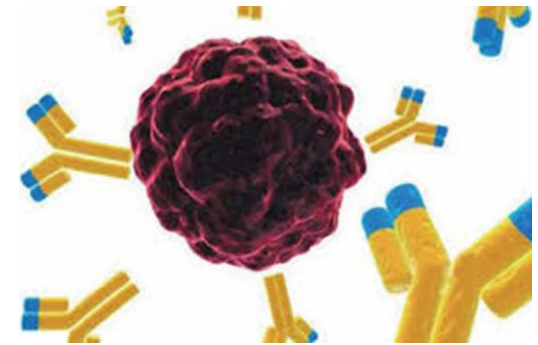

Products:

- (1) Monoclonal antibody:
food security, women's health, infectious disease, tumor biomarkers, cardiac biomarkers, drug of abuse etc
- (2) Polyclonal antibody:
women's health, infectious disease, C-line reagent etc
- (3) Gene recombinant antigen:
syphilis gene, hepatitis C gene, AIDS gene, tuberculosis gene, etc
- (4) Antigen conjugation
food security, drug of abuse, antibiotic detection etc
- (5) Microbial cultivation:
Quality Controls

Service:

Bi-Trumed

- Peptide Design and Synthesis
- Recombination protein service
- Small molecular antigen conjugation
- Monoclonal antibody development service
- Polyclonal antibody development service

THANK YOU
