	item	describe	photo
1	PEX-AL-PEX pipe	seamless weld or overlap weld PEX-AL-PEX tube for floor heat system. and PERT-AL-PER tube	
2	compression brass fitting for PEX-AL-PEX	compression brass fitting , made by forged technology, with material brass 57-3. can be nickel plated or brass color	
3	press fitting for PEX-L-PEX pipe	press brass fitting for PEX-AL-PEX tube of floor heat system, made of material stainless steel and brass 57-3	
4	brass ball valve	brass ball valve for water and gas pipe system, made by forged technology, with material brass 57-3e, two kinds handle: long handle and butterfly handle.	
5	manifolds	brass material, manifolds for floor heating system, connect with PEX-AL-PEX pipe, PEX pipe, PERT pipe	
6	PE-RT pipe and PE-X pipe	PE-RT material produced by Korean SK Co., PE-X material from Korean LG Co. temperature range (-20℃ ---95℃) , can make EVOH-PEX pipe and EVOH-PERT pipe	
7	PPR pipes	material polypropylene, composite pipe as PPR-AL-PPR, PPR-FB-PPR(PPR-fiber pipe), PPR-AL-PEX pipe, PPR-AL stable pipe	
8	PP-R fitting	1.Complete in specifications (20mm - 160mm). use for connect of PPR pipes 2.Color:white/green/grey.	
9	welding machine	welding machine for PPR pipe, PE pipe. we have normal PPR pipe welder to size 110mm and big PE welder size to 200mm.	
10	PE pipe and PE fitting	Material: high quality HDPE100 Colors: black OR others on request Standard: GB/T13663-2000 Certification: ISO9001,ISO14001
